

How to use Google Hangouts Meet

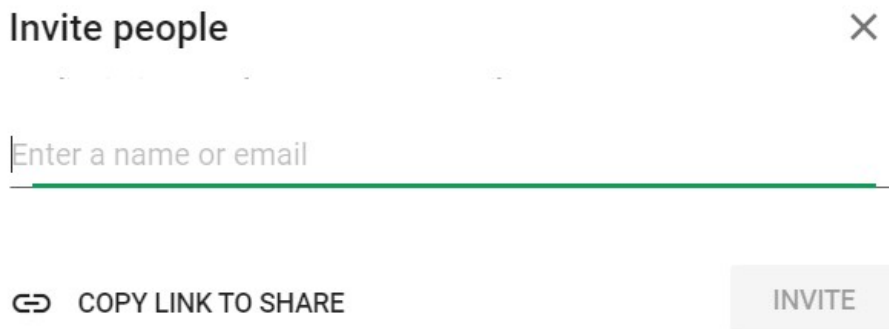

- 1) Go to <https://hangouts.google.com/>
- 2) You must be signed in with a google account. If not already signed in, click on the sign in button on the upper right-hand side. Sign into your google account.

- 3) Once signed in, click on video call

- 4) You will then have a pop-up window come up to invite people by email or link to your video call. You can copy the link and share via email, text message, etc.

- 5) Your video call will begin, and others will show up on the screen as they join the call.
