

Diabetes Management Program

EmpiRx Health is committed to helping members with diabetes better manage their condition and improve their quality of life. We are pleased to offer a program through which members can obtain blood glucose self-testing equipment and supplies at zero-dollar copay at participating network pharmacies.

Regular monitoring of blood sugar is a vital component of effective diabetes management. By offering self-testing equipment and supplies at no charge, will help members take control of their diabetes at home, improving health outcomes and avoid long-term diabetes complications.

Blood sugar testing provides useful information such as:

- Monitoring the effect of diabetes medications on blood sugar levels
- Identifying blood sugar levels that are high or low
- Tracking your progress in reaching your overall treatment goals
- Learning how diet and exercise affect blood sugar levels
- Understanding how other factors, such as illness or stress, affect blood sugar levels

Ask your prescriber for a prescription for any of the listed supplies below to be eligible for a zero-dollar copay.

Blood glucose self-testing equipment and supplies included in this program:

- Blood glucose monitors
- Blood glucose test strips
- Insulin syringes
- Lancet devices and lancets
- Urine test strips

QUESTIONS

We're **always** available for you. If you have any questions or require additional information about your specific coverage, contact us toll-free at <1-877-241-7123>/TDD 1-888-907-0020, 24 hours a day, seven days a week.
